Warsaw

Summary

As a UX Engineer I've executed everything from the look and feel of digital products down to the interface graphics and javascript behaviours. I enjoy working in at start-ups and making cutting edge web applications.

Experience

Wikimedia Foundation

4 years 11 months

Senior UX Engineer

July 2020 - Present (2 months)

Warsaw, Mazowieckie, Poland

UX Engineer

October 2015 - July 2020 (4 years 10 months)

front-end development for wikipedia.org

Peerio Technologies

Web Application Developer

August 2015 - October 2015 (3 months)

Peerio is an end-to-end encrypted chat/email and file sharing application. I helped design & develop the UI for the mobile web application.

Blue State Digital

Contract Front-end Developer

July 2014 - July 2015 (1 year 1 month)

Developing websites for social, political and non-profit organizations.

Algrin Technologies Inc

UX Designer

August 2009 - March 2014 (4 years 8 months)

At SkedX I was in charge of product design, web design and front-end development. I designed and developed user interfaces for web applications.

This involves everything from the visual design down to integrating the front-end code into our Rails app.

SWARM

Partner

January 2009 - January 2010 (1 year 1 month)

Produced an integrated advertising campaign and related marketing material for a high-end furniture retailer in downtown Toronto.

Smith Roberts Creative Communications

Art Director

March 2008 - October 2008 (8 months)

Responsible for generating advertising campaign ideas and producing the visual look and feel for many local clients.

Mobile Digital Commons Network

Intern

December 2007 - April 2008 (5 months)

Assisted in organizing a national conference on Mobile technology and assisted in projects involving GSP enabled mobile gaming.

Education

OCAD University

Bachelor, Advertising Art Direction · (2003 - 2007)
